- Cover more area faster, ideal for large applications

Did you know?

Habitus is now offering installation services, please contact us for more details.

Due to our great success with the smaller 1" Diameter Cork Mosaic, mounted to a 12" x 24" Sheet. We are proud to introduce this new larger size. This new Cork Mosaic is installed just like typical ceramic or mosaic tiles, adhere then grout method. Note, due to the larger joint size, we recommend utilizing sanded grout types, which are available in many varieties for beautiful color combinations.

We are seeking dealers and representatives for Cork Mosaic.
Please contact us for more details at 212.426.5500.
