Full size

■ These photographic samples are indicative only.

- ☆ Easy to handle or transport thanks to its lightweight properties (about 1/2 of natural sand-based materials)
- ☆ Excellent in heat insulation (Thermal conductivity is about 1/4 of natural sand)
- ☆ No echo produced
- ☆ Durable surface obtained

- ☆ Matt finish producing graceful atmosphere
- ☆ Excellent incombustibility / Meets Grade 1 under JIS A 1321
- ☆ Faster drying time / Shrinkage-free
- ☆ Breathing properties / Condensation hardly produced
- ☆ No discoloration
